Ms. Baitis; To answer your questions, a few weeks ago another gentleman by the name of Chris Daniel asked to speak on this subject and I placed him on the calendar. When I visited with the Chairman (Carlotta Grandstaff) prior to finalizing this week calendar, she stated she did not want the meeting or any other meeting of that nature to occur, and the Commissioners were considering a resolution to show support for the SSC. Two other people have asked to be on the agenda as did Chris Daniel and you.

The Chairman, by approval of the Board of Commissioners is the Commissioner who reviews the weekly agenda which is set up by me and my staff. We set the calendar based upon the activities and needs of the Commissioners and use our own judgment on certain issues that require a quorum or an individual Commissioner. Individual Commissioners also request certain issues on the agenda.

As a citizen you definitely have the right to have your voice heard. If you want your voice to be in person, rather than in writing, my suggestion is that you visit with the Commissioners on an individual basis. I do not set individual calendars, just quorum calendars, so you can call each one and set up an appointment if you desire. Here are their numbers:

Alan Thompson 375-6501
Greg Chilcott 375-6502
Carlotta Grandstaff 375-6503
Jim Rokosch 375-6509
Kathleen Driscoll 374-6510

Or, on Tuesdays and Thursdays we have regular meeting days. We can flow from one meeting to the other, thus the times are approximate, and you or any other member of the public can make public comment on items that are otherwise not on the agenda. If you would like more information on how to proceed in this regard, please feel free to contact me at 375-6500. I am more than willing to explain the meeting schedules on those days so you don't end up waiting for the public comment times.

Regards, Glenda Wiles

I would have to say that I would fall into that group that you have disallowed to date. Will I also be disallowed? Does the Chairman get to decide all these things?
